

**ALWSC's Practice Log (Year:            )**

**USA Water Ski Membership Number: 400-11-5441**

**Club's City / State: Aurora, OH**

**Use This Log Page To Protect Your Club And Yourself**

**Towboat Insurance Requirements**

USA Water Ski strongly suggests using this log page to record all club practices. Keep the log in a convenient place, such as in a lake club house or in the glove compartment of your boat. If your club regularly uses more than one boat, copy this page and make sure each boat owner has a copy.

The owner of each towboat used during any club practice must have evidence of at least \$1,000,000 of liability insurance which also lists USA Water Ski as additional insured. Although not required, it is wise to keep a copy in the glove compartment of your towboat.

**Which Club Practices Are Covered by Insurance?**

There are two classifications of club practices which are covered by USA Water Ski's insurance – Approved Practices and USA Water Ski-Sanctioned Practices.

**Approved Practice** – All approved practices must be logged in the club's official log book in advance with a list of all skiers, towboat drivers and times. Approved practices also must take place at Aurora Lake. All participants must be ALWSC and USA Water Ski Active members. All USA Water Ski and state safety regulations must be adhered to. Learn-to-Ski members may not participate in approved practices.

**Sanctioned Practice** – All sanctioned practices must be logged in the club's official log book in advance with a list of all skiers, towboat drivers and times. A Club Practice Sanction Application also must be completed and submitted to USA Water Ski HQ in advance. A rated safety official must be present at a sanctioned practice, which must be at a site approved by a USA Water Ski-affiliated club. Also, all participants must be ALWSC and USA Water Ski Active members. All state and USA Water Ski safety regulations must be adhered to. First-time USA Water Ski members may participate as Learn-to-Ski members at sanctioned practices for up to 11 times at a cost of \$10/practice. Upon participating as a Learn-to-Ski member an 11th time, an individual is automatically upgraded to Active membership status. Learn-to-Ski members may not jump.
